

ASWP-RF

WEATHERPROOF MOUNTING KIT FOR WIRELESS NOTIFICATION PRODUCTS

General

The ASWP-RF is a weather resistant kit designed for use with wireless sounders and wireless sounder/visual indicators supplied by UTC Fire & Security Products EMEA. It increases the IP rating of the notification device and thereby makes its deployment possible in more challenging environments.

Components

The kit consists of a perspex mounting plate, a variety of screws and washers, together with the relevant O-rings and rubber plug to ensure secure mounting for challenging applications.

Details

- Increases the IP rating of wireless notification devices to IP33C
- Suitable for use with a wide range of Aritech and Ziton wireless notification devices
